

SAISC Steel Awards 2009 - the 28th Event

*The steel construction award for excellence
in the utilisation of structural steel*

SAISC Steel Awards dinner: 3 September 2009
Closing date for nominations: 14 May 2009

Categories

There are no fixed categories in which to enter projects. Judges decide on categories and winners in the respective categories based on the actual entries received every year.

In 2008 the following categories were covered:

- Residential ■ Engineering and Bridge Structures ■ Tubular
- Architectural Structures ■ Industrial and Mining ■ Technical Excellence
- Light Steel Frame Buildings

Please note that we do our best to give ALL projects entered some publicity – even the so called “run of the mill” industrial projects.

Please enter your project!

Criteria for adjudication:

The primary criterion: *Does the project illustrate what can be achieved with steel?*

Other factors to be considered:

- The importance of steel as a structural component of the project
- Benefits achieved by using steel construction
- Aesthetic appeal
- Innovation in design, fabrication or construction
- Technical prowess required for realising the project
- Engineering expertise
- Environmental awareness
- Tubular content
- Export project
- Satisfaction of client's brief, particularly cost effectiveness
- Special details: cladding, bolted or welded connections, or the like
- Value to society
- Any other unique features

Conditions of entry

- Substantial completion of the **steelwork** must have occurred in **2008**. Completion of the total project could be later.
- Only structures in which South African steelwork contractors played a significant role will be considered.
- Written and illustrative material forming part of the project entries will become the property of the SAISC.
- The SAISC reserves the right to publicise the nominations and awards as it sees fit.
- The SAISC may visit short-listed structures for adjudication, publicity or filming purposes. The nominator and members of the project undertake to assist in arranging such visits and to furnish the SAISC with additional information about the project on request.
- Certificates will be presented to each company that was a member of the project team associated with the winning structures at the Steel Awards dinner on **3 September 2009**.
- A plaque for mounting will be presented to the developer/owner of the overall winning structure.
- By submission of an entry, the **nominator assumes responsibility for the accuracy** of all information, and provides the SAISC with assurance that **permission** for the submission has been obtained from the owners of the project.

Material to be submitted

To enable the SAISC to give proper publicity to the nominations, the following is requested:

- **The fully completed entry form**
Note: It is **critical** that project information and names of the team members are submitted **accurately** (also details such as (Pty) Ltd, JV, etc.) – *What is submitted will be used in the publicity regarding Awards projects. Errors lead to embarrassment for everyone involved with the project submitted and for the SAISC. Please prevent this by double-checking all details.*
- **Pictures of the project: A minimum of 5 and a maximum of 10**
 - High-resolution digital photographs on a CD (jpg format, at least 300 dpi);
 - Include at least 2 of the whole project (wide angle shots) and at least 3 of relevant detail from a closer view. The balance of pictures may be of any relevant aspect.
- **A description of the project and a motivation** for entering the project of at least 500 words.
- **Other supporting material** (video clips, drawings, etc.) that is really relevant and will give a better understanding of the project may also be included.

Please submit entries to:
